Item 15 – Election of auditor

The Nomination Committee proposes the re-election of KPMG AB, with Olle Nilsson as the principal auditor, effective until the 2019 Annual General Meeting.

Item 16 - Guidelines for remuneration and other employment terms for senior executives

The Board proposes that the Annual General Meeting determines on guidelines for remuneration for senior executives within the OEM Group, principally in accordance

with the following.

The Board of Directors shall appoint a Remuneration Committee with the task of preparing proposals concerning employment terms, pension benefits and a bonus system for senior executives.

"Senior executives" include the Managing Director, Group management and managers who report directly to the Managing Director.

Competitive salaries and other remuneration terms shall apply for senior executives.

In addition to base salary, the management team may also receive variable remuneration, which is capped at 58% of base salary, the equivalent of seven monthly salaries. The remuneration level is the same as the previous year. Senior executives in the OEM Group shall have market-competitive, premium-based pension schemes, capped at 30% of fixed pay. This remains unchanged from last year. All share-related incentive schemes are to be decided by the Annual General Meeting. The maximum term of notice is 24 months and shall also include the obligation to work during the term of notice. Employment agreements shall not contain provisions for severance pay. However, there is an exception in an agreement signed in 2001, where severance pay, amounting to six (6) months' salaries, may be made upon termination by the company when the employee reaches the age of 55. The severance pay does not involve the obligation to work. This exception means a maximum of 18 monthly salaries upon termination by the company.

The Board of Directors may waive these guidelines in individual instances should there be special reasons for doing so. Any such waiver, including the reasons, must be reported at the next Annual General Meeting.

Decisions concerning the above require the approval of shareholders representing more than half of the votes cast.

Item 17 - Resolution regarding the Nomination Committee

The Nomination Committee proposes guidelines for the Nomination Committee, the main effect of which is that the Chairman of the Board shall assemble a Nomination Committee. The Nomination Committee shall consist of one representative from each one of no less than three and no more than four of the company's largest shareholders and the Chairman of the Board, unless he/she is a member as a shareholder representative. If a shareholder does not exercise his/her right to appoint a member, the next largest shareholder in terms of voting rights is entitled to appoint a member in the Nomination Committee. The names of the members and the names of the shareholders they represent shall be published at least six months before the 2019 Annual General Meeting and shall be based on the known number of votes immediately before publication. The term of office of the Nomination Committee shall run until a new Nomination Committee is appointed. The Chairman of the Board of Directors will chair the Nomination Committee.

Should there be any significant changes in the company's ownership structure after the appointment of the Nomination Committee, the composition of the Nomination Committee shall also be changed in line with the principles above. Shareholders who appointed a representative to be a member of the Nomination Committee shall be entitled to dismiss such a member and appoint a new one and also appoint a new representative if the member appointed by the shareholder chooses to withdraw from the Nomination Committee. Changes to the composition of the Nomination Committee are to be announced as soon as they have been made.

- proposal for remuneration to the Board of Directors and the auditors
- proposal for remuneration for any committee work

The Nomination Committee shall discharge its duties as required by the Swedish Code of Corporate Governance and may, if necessary, take independent professional advice at the company's expense in the furtherance of its work.

Decisions concerning the above require the approval of shareholders representing more than half of the votes cast.

Item 18 - Resolution to make changes to the Articles of Association

The Board proposes the following changes to the Articles of Association

- The text in former § 14 (Preferential rights) is moved to § 6.
- It includes a new § 7 (Conversion provision) enabling holders of Class A shares to convert all or part of their holding of Class A shares into Class B shares.

Item 19 - Resolution to authorise the Board of Directors to resolve on a new share issue

The Board of Directors requests the Annual General Meeting to grant the Board authorisation to issue up to 1,800,000 new Class B shares in connection with any business combinations.
